

Brief Résumé with Most Cited and Recent Publications

Jagdish (Jay) Narayan, NAE, NAI, NASI

The John C. C. Fan Family Distinguished Chair Professor and

ORNL Distinguished Visiting Scientist

Room 3030, Engineering Building I, Centennial Campus

Department of Materials Science and Engineering

North Carolina State University

Raleigh, NC 27695-7907, USA

Phone: (919) 515-7874; Fax: (919) 515-7642; E-mail: J_NARAYAN@NCSU.EDU

<https://www.mse.ncsu.edu/narayan/>

Education:

Ph.D. (1971) and M.S. (1970) University of California, Berkeley; B. Tech. (1969 University First Rank Medalist, Highest Hons. & Dist.) I.I.T., Kanpur, India; 1997 IITK Distinguished Alumnus Award; Major Field: Materials Science and Engineering; Minor fields: Electrical Engineering and Solid State Physics

Employment:

2002- The John C. C. Fan Family Distinguished Chair Professor

1990- Distinguished University Professor (Materials Science and Engineering, ECE and Physics) and Director of Center for Advanced Materials and Smart Structures

2007- ORNL Distinguished Guest Scientist

1990-92 National Science Foundation, Division of Materials Research (DMR), Director (The DMR is the largest research division of the NSF with over \$300M annual budget funding in Advanced Materials, Nanostructured Materials. Materials Physics, Materials Chemistry, Polymers, MRSEC Centers and many Interdisciplinary Programs across the Foundation)

1983- North Carolina State University, Professor (MSE, Physics and ECE)

1984-86 Microelectronics Center of North Carolina, Director (MCNC was funded by the State of North Carolina under the Microelectronics Initiative)

1972-84 Oak Ridge National Laboratory, Senior Scientist and Leader of Thin Film and Electron Microscopy Group (Funded by DOE Basic Energy Sciences)

1971-72 Lawrence Berkeley National Laboratory, Research Metallurgist

Honors and Awards:

- 1) **National Academy of Engineering (NAE Life Member <https://www.nae.edu/165651.aspx>); National Academy of Inventors (NAI Life Fellow); National Academy of Sciences, India (NAS-I Life Member and Fellow, Limited to 100 Foreign Members); Materials Research Society (Member and Inaugural Fellow); American Physical Society (Life Member and Fellow); The Minerals, Metals and Materials Society (TMS Life Member and Fellow, Limited to 100 Members Worldwide); American Association for the Advancement of Science (AAAS Fellow); ASM International (Fellow); MRS-I (Honorary Member); Bohmische Physical Society (Fellow)**
- 2) **Materials Gold Medals: 1999 ASM-International Gold Medal** (Highest honor from world's largest materials science and technology society); **2014 TMS Robert Franklin Mehl Gold Medal** and The Institute of Metals Lecture Award (Pinnacle Honor from the World's oldest -152 years old- professional society); **2011 Acta Materialia Gold Medal** and Prize for pioneering contributions and leadership in materials science worldwide, highest materials science prize sponsored by the federation of 33 professional societies.
- 3) **North Carolina/University Awards: 2014 North Carolina Science Award (*Highest Civilian Honor of the State of North Carolina*)** bestowed by the Honorable Governor of North Carolina, first Materials

Scientist and the sole winner at the Golden Jubilee Celebrations of the North Carolina Awards. (Past winners included seven Nobel Laureates); 2014 O. Max Gardner Award and Prize, (**Highest Honor of the UNC System for the Greatest Scientific Contribution to the Welfare of the Human Race**); 2012 Alexander Holladay Medal (**Highest NC State Faculty Honor**); 2011 Reynolds Prize (**Highest NCSU honor for excellence in research, teaching and extension**). The award of these pinnacle honors in a span of four years is unprecedented in the UNC and North Carolina history.

- 4) **The Oscars of Innovation: 2019 R&D-100 Award** (Nanodiamonds for Nanosensing and Quantum Computing); **2018 R&D-100 Award** (New Materials Harder than Diamond and Superior High-Temp Superconductor); **2017 R&D-100 Award** (Q-carbon and Diamond Related Materials); **IR-100 Award (1979)** for Laser Diffused p-n Junctions and Solar Cells; **IR-100 Award (1982)** for Novel Supersaturated Semiconductor Alloys; **IR-100 Award (1983)** for New Nanocrystalline Metal-Ceramic Composites.
- 5) **Other Honors:** 2021 John Goodenough Materials Innovation Lecture; 2023 NanoFlorida Plenary Speaker; 2011 Lee Hsun Lecture Award from the Chinese Academy of Sciences; 2014 TMS Institute of Metals/RF Mehl Lecture Award; 2015 Professor SC Jain Memorial Lecture and Prize; 2015 Emerging Materials Research Prize; 2004 ASM Edward DeMille Campbell Lecture (New Frontiers in Thin Film Growth and Nanomaterials) and Prize; DOE (Div. of Materials Sciences) Award for Outstanding Research (1981); 2011 MRS Acta Gold Medal Symposium (Honoring Professor Narayan); 2005 TMS Symposium on NEW FRONTIERS IN THIN FILM GROWTH AND NANOMATERIALS held in honor of Professor Narayan at the 134th TMS Annual Meeting in San Francisco; Journal of Electronic Materials (May 2006 Issue) Published honoring Professor Narayan; 2003 Electronic Products Magazine's "Product of the Year" Award; 1992 NSF Distinguished Service Award; 1997 IIT/K Distinguished Alumnus Award; <http://chronicle.com/article/Electronics-Pioneer-Sheds/65783/>.
- 6) **Special Honors and Appointments:**
NAE Search Committee: Vice Chair (2022-23); Chair (2023-24); Past Chair (2024-25).
Most Notable People in ORNL history:
https://en.wikipedia.org/wiki/Oak_Ridge_National_Laboratory.
Member of CMMRC: Condensed Matter and Materials Research Committee of National Academies (NAS, NAE, and NAM).
Director of NSF Division of Materials Research: National Science Foundation and NSF Distinguished Service Award (1990-1992).
American Institute of Physics (AIP) Oral History Interviews | Jagdish Narayan <https://www.aip.org> > niels-bohr-library > oral-histories <https://www.aip.org/history-programs/niels-bohr-library/oral-histories/47106>
- 7) **Research Funding (>\$40M):** NSF, ARO, DARPA, ONR, AFSOR, ORNL DOE (BES), Kopin Corp., Q-Carbon, LLC, NOV (Houston). Graduated >90 PhDs and Trained >100 Postdocs and Senior Scientists

Important US PATENTS of Professor Narayan (from USPTO Website) (Total: 48)

Selected Special Lectures

- 1) **2023 NanoFlorida Chief Plenary Speaker**
- 2) **2021 John Goodenough Materials Innovation Lecture**

- 3) **Invited Colloquia: MIT (10/30/2018); Harvard (10/31/2018); Princeton (10/23/2017); ORNL (11/14/2019); USC Lyman lecture (2018); Distinguished Lectures UCF (2018); Michigan State (2018)**
- 4) **2022 TMS Plenary Invited Talk, San Diego, March 19-23, 2023**
- 5) **Plenary Invited Talk at 2021 and 2022 TMS Annual Meetings (Virtual)**
- 6) **Invited Talk at the 2021 MRS Fall Meeting, Boston**
- 7) **Plenary Invited Talks on Discoveries of Q-carbon and Q-BN, 2020 TMS Annual Meeting in San Diego; 2018 TMS Annual Meeting in Phoenix; 2017 TMS Annual Meeting in San Diego**
- 8) **J. Narayan , Plenary Invited Talk, 2017 MRS Fall Meeting, Boston**
- 9) **Invited Colloquia: MIT (10/30/2018); Harvard (10/31/2018); Princeton (10/23/2017); ORNL (11/14/2019); USC Lyman lecture (2018); Distinguished Lectures UCF (2018); Michigan State (2018)**
- 10) **2016 MRS Spring Meeting, March 28-April 1, Phoenix, Invited Talk on Discovery of Q-carbon and Q-BN and Direct Conversion of Carbon into Diamond and h-BN into c-BN (Invited Lecture Recorded by MRS and Paper Published in MRS Advances**
- 11) **2015 SC Jain Memorial Lecture and Prize, Plenary Talk at the 2015 IWPSD (International Workshop on Physics of Semiconductor Devices, Dec 7-10, IISc, Bangalore, India**
- 12) **2015 MRS Fall Meeting, November 29-December 4, Invited Talk on Discovery of Q-carbon and Direct Conversion of Carbon into Diamond**
- 13) **2015 MRS Spring Meeting, April 6-10, Invited Talk on Defects and Interfaces in Oxide Thin Film Heterostructures.**
- 14) **2014 MRS Spring Meeting, San Francisco, April 20-25, 2014: Plenary Talk (in Symposium K) on Novel Two-dimensional Multifunctional Nanostructured Materials), Invited Talk VV on Tuning of electrical and magnetic Properties of nanostructured oxides, and Invited Talk FFF on Holistic approach to training and mentoring of next-generation materials scientists.**
- 15) **Plenary Invited Talk on Frontiers in Nanomaterials and Impact on Nanotechnology at The 2014 Pan American Materials Conference, ABM, July 21-25, Sao Paulo, Brazil.**
- 16) **The 2014 TMS (The Materials Society) Institute of Metals Lecture on the Frontiers in Thin Film Epitaxy and Novel Nanostructured Materials**
- 17) **The 2012 Lee Hsun Award Lecture, July 20, 2012, Shenyang, China, Sponsored by Chinese Academy of Sciences, IMR and Shenyang National Laboratory Frontiers in Nanostructured Materials**
- 18) **Plenary Keynote Speaker, ICCE-20, Twentieth Annual International Conference on Composites and Nanoengineering, July 22-28, 2012, Beijing, China. Title: Frontiers of Nanostructured Materials and Nanocomposites**
- 19) **2014 Mehl Medal from the Brazilian ABM-TMS and presented plenary keynote talk at its 69th Annual ABM-TMS Meeting in Sao Paulo, July 20-24, 2014.**
- 20) **2014 The Institute of Metals Lecture Award of TMS on Frontiers in Thin Epitaxy and Novel Nanostructured Materials at the TMS Annual Meeting in San Diego, California, Feb 16-20, 2014.**
- 21) **2014 TMS International Symposium on Frontiers in Nanostructured Electronic and Structural Materials and Their applications, TMS Annual Meeting in San Diego, California, Feb 16-20, 2014.**
- 22) **2011 MRS Forum: 2011 MRS Spring Meeting, San Francisco, April 25-30, 2011. Acta Materialia Gold Medal Forum: Frontiers in Thin Film Epitaxy and Nanostructured Materials (Honoring Professor Narayan); Journal of Materials Research Volume 28, 2013 devoted to Narayan's research**

23) **2011 MS&T Meeting**, Columbus, Ohio, October 17-20, 2011. **International Symposium on Advances in Nanostructured Materials and Applications** (Honoring Narayan). **Acta Materialia** (Elsevier), **Special Volume 61 (8) of Acta Materialia devoted to this Symposium**

24) **Invited Talk: 2012 MRS Fall Meeting**, November 25-30, 2012, Boston, MA

Title: Designing Novel Nanostructured Materials with Improved Properties.

25) **Chair: MRS Forum (Honoring Prof. Mildred Dresselhaus of MIT)**, 2012 MRS Fall Meeting, November 25-30, 2012, Boston
